Company history/background

For the past 12 years, we have successfully operated a well-established paint and wallpaper store on the Costa Blanca. One of the key advantages of this region is its international community – we speak multiple languages daily, including Dutch, English, German, and of course Spanish. Customers greatly appreciate being able to ask their questions in their own language, especially when it comes to finding the right products.

The store features a large wallpaper section on the first floor and offers a wide range of paints, wallpapers, and related materials. We are selling the business fully equipped, including all inventory, a paint mixing machine, shaker, computers, printers, etc. The store is fully stocked and ready for takeover. The business will be

transferred on paper with everything included.

The store is located in a prime location with its own large private parking. The building is leased at a low rental rate, and the lease will continue under the company name. We originally started from scratch with an empty warehouse — no water, electricity, or infrastructure — so a lot of investment has gone into making this a thriving business.

What we offer

The main activity is the sale of paint, wallpaper, and related supplies. In addition, we are an official parcel point for GLS and InPost, which brings in additional foot traffic.

We also receive many requests for painting and wallpaper installation services, either by phone, through our website, Facebook page, or in person. These jobs generate extra revenue for our painting and renovation company.

Unique selling points

Property and location

- Premises: 230 m² ground floor and 190 m² first floor
- Large private parking area for multiple vehicles
- Trucks can easily unload in front of the shop
- Excellent visibility, located on a roundabout at the entrance of the town center
- Neighbors include a supermarket, gas station, and the police station (safe and well-lit at night)

Additional features

- No staff employed – low fixed costs
- Large, loyal customer base from surrounding towns and villages
- Office and storage space both upstairs and downstairs
- Ground floor storage is fully finished and can be added to the retail space if needed

Other

This business is ideal for:

- A painter (and possibly a partner) who wants to combine shop sales with on-site services
- Independent entrepreneurs looking to manage both the store and painting jobs
- A solo business owner who prefers to run the store independently (as I have done for 12 years)

We are offering a fully equipped, ready-to-run business with immediate income potential and a strong reputation. All existing contracts, suppliers, and the company name remain in place, providing a seamless transition.

We will provide full training during the first month, including all administrative and operational processes. After that, we remain available for questions or support. Everything will be properly introduced and explained to help you confidently take over.
