### Company history/background

For sale is an established and profitable cleaning company in Austria with a stable order book and long-standing customer relationships.

The company generates annual revenue of approximately €1.2 million and an EBIT of around €250,000. The high proportion of recurring revenue ensures excellent predictability and stability.

The operational structure is clearly organized: A well-established team of around 10-15 employees and an existing operational management level enable a largely independent operation without the active involvement of

the owner.

The company is ideally suited for:

- existing cleaning companies for expansion
- strategic buyers in the facility services sector
- Investors focused on stable cash flows

Particularly noteworthy are:

- long-term customer contracts
- high customer loyalty
- efficient processes and established organization
- further growth potential

The sale will be conducted discreetly.
